

SUBJECT/DATE:

3/24/83. Termination of interim status at Rinchem, EPA ID No. NMD085267961.

ACTION REQUESTED:

Facility is a transfer facility. Status as a generator/transporter/TSD should be withdrawn.

BACKGROUND:

See Briefing Summary of 1/13/83 which is attached.

On January 17, 1983, EPA sent a letter to Rinchem requesting that the facility submit specific information to EPA by January 21, 1983. Rinchem submitted this information to EPA on January 19, 1983, and therefore met the timeframe specified by EPA.

On January 25, 1983, Environmental Services inspected Rinchem to determine 1) if the facility had actually ceased operating as a generator/transporter/TSD, and 2) if facility had in place all items which were required in the letter EPA sent to Rinchem on 1/17/83. The inspector verified that Rinchem was operating only as a transfer facility and that all items were in place as required by EPA.

RECOMMENDATION:

Division Director signature to withdraw interim status.
