Subject: Notice of Demolition, Los Alamos National Laboratory Delta Prime Site, Buildings 21-152 and 21-209

Reference: Letter, Mr. Bearzi to Messrs. Gregory and McInroy, dated 10/07/09

Dear Mr. Bearzi:

Los Alamos National Laboratory (the Laboratory) is planning to begin demolition of Delta Prime Site buildings 21-152 and 21-209 on or after August 1, 2010. This notice of demolition is provided in response to your above-referenced letter and in accordance with the Settlement Agreement and Stipulated Final Order (the Agreement), signed on April 10, 2007. While the order of demolition activities is subject to some variation during execution, this demolition program is planned to progress in the order stated above and will be conducted between August 1 and December 31, 2010.

In regard to your request for copies of final demolition reports for each building, the Agreement does not require the Laboratory to generate building-specific demolition reports. As stated in Section III(21)(f) of the Agreement, the Laboratory will provide a demolition completion report if one is written.

If you have any questions, please contact Bruce Schappell at (505) 665-4897 (schapp@lanl.gov) or Everett Trollinger at (505) 667-0281 (etrollinger@doeal.gov).
