1/14/95 Sparton Meeting
11/19/95

operated & made printed circuit boards 60s to ~94
now just a small machine shop is there
first SI in 1983
Part A RCRA discovered GWC
AOC w/ EPA 1988 just for investigation
RI field work done 91
5/92 report RI then corrective measure study (CMS)
8/95 EPA issued SOB to surprise of Sparton
EPA said SOB was based on NMED concerns

Sparton says it will take >100 yrs to clean up GW
100 yrs would cost $40 x 10^6

5/92 RI rept 3 conclusions
(1) "no signif plume movement" approved by EP
(2) diffusion dominated because length-width ratio &
upgrad dissolved phase
decrease in TCE conc on & off site since 1988 P&T
(3) no signif threat
considered SVE as far back as 84
84, 87 & 90 shallow SV surveys
