Subject LANL incinerator

Discussion Mr Horan received my name and number from the Taos County Attorney Mr Zamora. He requested that I provide him a copy of the LANL Part B application. I explained it was available in LA Public Library and here and that he was welcome to review it but it was too voluminous to provide copies. He stated that LANL should provide one and he was submitting a FOI request to them.

Conclusions or Agreements He will send a written request to EID to identify specifics he wishes
