MEMORANDUM OF MEETING OR CONVERSATION

☐ Telephone ☒ Personal	Time 10 AM	Date March 24, 1989

Originating Party	Other Parties
CK Grossman - Haz Waste	Ernie Rebuck / John Parker - UIC
	Mike Saladen / Surface Water

Subject LANL use of bored holes in the ground for waste disposal

Discussion Future borehole use should be reported to the UIC program but little activity is anticipated except for non-liquid materials such as radioactive wastes.

Past borehole activities can best be addressed under RCRA authority if so subject.

Conclusions or Agreements

Haz waste section will take the lead for LANL data etc under permitting. All programs will keep others informed as appropriate.

Distribution C

15001
