Mr. Herb Grover
PO Box 26110
Santa Fe, NM 87502

Dear Mr. Grover:

Rinchem Company, Inc. would like to submit this part A revision of our existing Part B Permit. We would like to include these newly listed TCLP wastes to our permit. The addition of these wastes will not alter our waste analysis plan, or the contingency plan. Rinchem will continue the inspection plan, and all other on going aspects of our current permit. Rinchem has requested from Anna Walker of the Environmental Department the facility mailing list for our area. The letters of notification will go out as soon as we have this list and formulate the letter. Rinchem understands that there is a fee for this type of modification. Please contact Lise Gorgone at 505/345-3655 if any further information is needed.

We Care,

William W. Moore
President
