Dear Mr. Corey,

Thank you for returning your 1993 BRS Hazardous Waste Report postcard. On this card you marked that your site is exempt from filing the Hazardous Waste Report in 1993. According to our files, RINCHEM COMPANY, INC., has notified us as a Large Quantity Generator. Please remember that if any changes have occurred in any of the information on your Notification of Regulated Waste Activity (8700-12) form, you must file a Subsequent Notification with our bureau. This will help us determine your generator status and any other changes which have occurred. Attached, for your convenience is an 8700-12 form for you to complete and return to the Hazardous and Radioactive Materials Bureau, 525 Camino De Los Marquez, Santa Fe, New Mexico 87502. If you have any further questions you may contact me at (505) 827-4308.

Again, thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Anna Walker".
