Subject: DP Aggregate Phase 2 IR

Remarks:

2 items:

① Should the IRs for the PCB investigations be included as Appendices in the Phase 2 IR? No, they've already been submitted + are therefore in the AR - no need to have them duplicated → the Ph. 2 should reference them where appropriate

② There are 2-3 AOCs that will require additional remediation - can they include this work in the delayed sites wps? No let's keep the SWMUs/AOCs divided as they are - less confusion.
