RE: Request for Permit Modification, Class I
EPA ID NO.: NMD002208627-1

Dear Mr. Edgar:

The Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) has received and completed a review of Rinchem Company Inc.'s proposal submitted by letter dated November 4, 1994, for a Class I Permit Modification to their existing operating permit, Attachment D, Personnel Training. Rinchem's existing permit was issued on January 8, 1988.

HRMB is in agreement that the permit modification proposed by Rinchem is a Class I Modification, and HRMB hereby approves Rinchem's request for a permit modification to their personnel training plan.

The New Mexico Hazardous Waste Fee Regulations (HWFR-1) promulgated under authority of the New Mexico Hazardous Waste Act requires a fee assessment for the permit modification. The fee for the permit modification that Rinchem has requested totals \$1,000.00. Payment is due within thirty (30) days upon receipt of this letter. Failure to pay the fee by the due date will delay HRMB's processing of the request, and may result in the issuance of a compliance order or a permit modification denial.

Rinchem may submit remittance by Certified Mail payable to NMED Hazardous Waste Permit Fees. Please indicate on the remittance

Mr. Edgar
