

MEMORANDUM OF MEETING OR CONVERSATION

IXI TELEPHONE I I PERSONAL TIME: 8:30 a.m. DATE: 03/31/95

ORIGINATING PARTY:

Phillip Solano
Water Resource Specialist II
HRMB, NMED

OTHER PARTIES:

Shawn Ghose
Program Manager
EPA, Superfund

SUBJECT:

Rinchem Company, Inc. RE: Monthly Report, Old Rinchem Site
(letter dated March 10, 1995)

DISCUSSION:

Mr. Ghose informed me that the "Old Rinchem Site" is currently
under evaluation for listing as a Superfund Site. Upon submit-
tal by Rinchem of their monthly reports containing sampling and
analysis results and upon completion of Rinchem's groundwater
monitoring program, EPA will then determine whether or not to
list the "Old Rinchem Site" as a Superfund Site. Currently EPA
is of the opinion that there is an "uncertainty of risk" with
regard to the "Old Rinchem Site".

CONCLUSIONS and/or AGREEMENTS:

It appears, from the information discussed above, that Rinchem
is complying with EPA's request(s) in submitting the above
referenced letter dated March 10, 1995, to EPA.
