RE: **Fee Assessment for Hazardous Waste Facility Permit
Reapplication
EPA ID No. NMD002208627**

Dear Mr. Moore:

The Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) has completed an Administrative Review of Rinchem Company, Inc.'s (RCI) Hazardous Waste Facility Permit Reapplication (HWFPR), submitted to the HRMB dated February 7, 1995. The HRMB has determined the HWFPR to be administratively complete.

The New Mexico Hazardous Waste Fee Regulations (20 NMAC 4.2) promulgated under the authority of the New Mexico Hazardous Waste Act (Section 74-4-1 et. seq. NMSA 1978, as amended 1993) requires an assessment of a permit application fee. The fee for the HWFPR which RCI has submitted is \$19,000.00. The fee assessment determination is presented in the enclosed Permit Fee Worksheet.

RCI must pay this fee within thirty (30) days upon receipt of this letter. Failure to pay the assessed fee by the due date will delay the HRMB's technical review of the HWFPR. Non-payment within the specified time frame may result in the issuance of a Notice Of Violation and/or permit application denial.
