RE: **Technical Review Notice of Deficiency Response Extension
Request
EPA ID NO. NMD002208627**

Dear Mr. Moore:

The Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) requested the submittal of additional information from Rinchem Company, Inc. (RCI), through a Technical Review Notice of Deficiency (NOD) dated April 24, 1996, for RCI's Resource Conservation and Recovery Act (RCRA) Hazardous Waste Part B Permit Application. HRMB received a request from RCI dated May 28, 1996, for a thirty day extension to present all information solicited for in the NOD.

HRMB approves RCI's request for a thirty day extension. HRMB must receive RCI's response to the NOD no later than July 1, 1996. If you have any questions regarding this matter, please contact Phillip Solano of my staff at (505) 827-1561.

Sincerely,

A handwritten signature in cursive script that reads "Barbara Hoditschek".
