**RE: ADDRESS CHANGE FOR ADVANCED CHEMICAL TREATMENT, INC.
(RINCHEM COMPANY, INC.)
EPA ID# NMD002208627
RNCM-11-001**

Dear Ms. Gorgone:

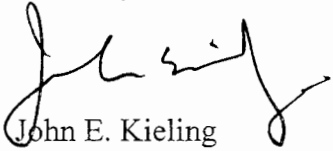

The New Mexico Environment Department (NMED) Hazardous Waste Bureau (HWB) recently approved the permit modification for the transfer of the operator from Rinchem Company, Inc to Advanced Chemical Treatment, Inc. on October 7, 2011 for the former Rinchem Hazardous Waste Facility, now called Advanced Chemical Treatment, Inc (ACT).

NMED understands that the existing facility, now ACT, will keep the address of 6133 Edith Boulevard NE until the effective date of the permit renewal. At the time the new permit becomes effective the ACT facility will have a new address of 6137 Edith Boulevard NE and Rinchem will then keep the 6133 Edith Boulevard NE address. NMED also acknowledges that the address has been changed for all other business purposes other than the hazardous waste permitted activities.
