**RE: EXTENSION REQUEST APPROVAL
PERMIT RENEWAL APPLICATION, CONTAINER STORAGE FACILITY
RCI PROPERTIES/ADVANCED CHEMICAL TREATMENT, INC.

RNCH-11-001**

Dear Messrs. Moudy and Moore:

The New Mexico Environment Department (NMED) has received the request from Advanced Chemical Treatment, Inc. (ACT) dated October 29, 2014, for a 30-day extension to submit the revised permit renewal application (**Application**) for the Part B Hazardous Waste Facility Permit (**Permit**) submitted by Rinchem Company (**Rinchem**) on August 12, 2011.

On July 7, 2014, NMED issued a disapproval letter noting that ACT became the operator of the facility on October 17, 2011 and that the owner of the facility, RCI Properties, is a co-applicant and must sign the Application. ACT's October 29, 2014, request states that the owner of RCI Properties, William Moore, has declined to sign the Application at this time, and that ACT will continue to work with Mr. Moore to obtain his signature.

NMED hereby approves ACT's request. RCI Properties and ACT (collectively, the *Applicants*) must resubmit a complete Application that addresses all the applicable requirements in 40 CFR Subpart B (§§270.10 through 270.29) no later than December 5, 2014.

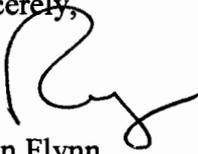

Messrs. Moudy and Moore
