**RE: ADMINISTRATIVE COMPLETENESS
PERMIT RENEWAL APPLICATION, CONTAINER STORAGE FACILITY
RCI PROPERTIES/ADVANCED CHEMICAL TREATMENT, INC.
EPA ID#NMD002208627
RNCH-11-001**

Dear Messrs. Moudy and Moore:

On December 5, 2014, the New Mexico Environment Department (NMED) received a revised permit renewal application (**Application**) for the Part B Hazardous Waste Facility Permit (**Permit**) for Advanced Chemical Treatment, Inc. (**ACTreatment**). NMED has reviewed the Application, submitted by ACTreatment and RCI Properties (collectively, the **Applicants**), and has determined that the Application is administratively incomplete for the following reason: the Applicants did not submit a signed copy of EPA Form 8700. Both the owner and operator of a facility applying for a hazardous waste facility permit must sign EPA Form 8700.

The New Mexico Hazardous Waste Permit and Corrective Action Fee regulations, Section 20.4.2.201.D, require the assessment of a fee to renew a permit when NMED makes a completeness determination; however, the renewal fee was paid by the Applicants on February 2, 2012.

After the Applicants submit a complete Application, NMED will begin its technical review of the Application.
