RE: Cannon AFB, NM7572124454
Request for Modification (16 Aug 90)

Dear Dr. Gordon

Cannon has not received any response from the NMEID in regards to the letter requesting that our Part B Permit be modified. A letter dated 9 Aug 90 from the NMEID indicated that the modification could not be processed in a timely manner and that no waiver could be given in the meantime. At the time your office wrote that letter, however, you had not yet received the formal request.

Cannon feels that all the requested changes fall under the Class I category as defined by 40 CFR 270.42, Appendix I. The sections of the appendix corresponding to each change are listed below.

| <u>Change</u> | <u>Description</u> | <u>Appendix</u> | <u>Class</u> |
|---------------|------------------------|-----------------|--------------|
| 1 | Additional waste codes | F.1.c | I* |
| 2 | Additional waste codes | F.1.c | I* |
| 3.a | Shop descriptions | A.1 | I |
| 3.b | Shop descriptions | A.1 | I |
| 3.c | Third third rule | B.1.a | I |
| 3.d | Additional labs | A.1 | I |
| 3.e | TCLP | B.1.a | I |
| 4.a | TCLP | B.1.a | I |
| 4.b | Additional wastes | F.1.c | I* |
| 4.c | TCLP | B.1.a | I |
| 5 | Additional wastes | F.1.c | I* |
| 6 | Contingency Plan | B.6.b | I |

Readiness is our Profession

The regulation states that Class I changes with an asterisk can only be made with prior written approval from the Director. The intention of the 16 Aug 90 letter was to get this approval.

Cannon again requests that the modifications as proposed in the 16 Aug 90 letter be approved. If for some reason this request cannot be reviewed within the next 30 days please provide a timetable indicating when the review will be completed. Your assistance in this matter is appreciated. Any questions concerning this request may be directed to Mr. Jim Richards at 784-4639.

Sincerely
