RE: Post-Closure Care Permit Application
Cannon AFB, NM7572124454

Dear Mr. Horst

In response to your letter dated 16 Dec 91, Cannon AFB is submitting this revised post-closure care permit application. The application primarily consists of our post-closure plan which is included at Attachment 1. Your other concerns are addressed below.

Floodplain Information - The information from Section B.3.b of our RCRA Part B Application is included as Attachment 2.

Excavation around Cell 3 - The results of our most recent excavation around Cell 3 are discussed briefly in the post-closure plan. A full report is included as Attachment 3.

Notice in Deed - The existing cap was surveyed on 27 Jun 90. Once the new cap is completed we will have it surveyed. The survey plan and a record of the past disposal activities of the cell will be filed with the local zoning authority and a certified copy will be forwarded.

Please contact Lt Gregg Demers or Mr. Jim Richards (784-4639) if you require any additional information.

Sincerely

David E. Benson
DAVID E. BENSON, Colonel, USAF
