Dear Concerned Citizen:

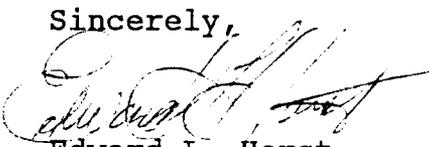

Enclosed is a fact sheet regarding a draft closure plan that the New Mexico Environment Department (NMED) received from Cannon Air Force Base (CAFB) for final closure of a landfill cell that received hazardous waste. The landfill cell is inactive and is presently under interim status granted to facilities that were in operation on the effective date of the Resource Conservation and Recovery Act regulations.

Copies of the draft closure plan are available for review at the Clovis Carver Public Library, 701 North Main, Clovis, New Mexico 88101 and at the offices of the NMED Hazardous and Radioactive Materials Bureau, PO Box 26110, 525 Camino de los Marquez, Santa Fe, New Mexico, 87503-26110.

If you wish to make comments on this proposed closure plan, they must be made in writing and be received by the NMED Hazardous and Radioactive Materials Bureau at the address mentioned above no later than August 31, 1992.

If you have any questions regarding this draft closure plan, please contact Ms. Stephanie Stoddard at (505) 827-4308 or 827-4358 or at the Santa Fe address given above.

Sincerely,

Edward L. Horst
