RE: AMENDMENT TO APPROVED CLOSURE PLAN FOR CELL 3, LANDFILL 5

Dear Mr. Richards:

The Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) is in receipt of Cannon's request for authorizing a change to the approved closure plan (8/88) for Cell 3 of Landfill 5. Based on our review of the amended closure plan, NMED finds that Cannon Air Force Base (CAFB) has supplied adequate information for public notice to be published in accordance with the New Mexico Hazardous Waste Management Regulations (HWMR-6), Part VI, 40 CFR Section 265.112 (d)(4).

Final approval of the closure plan may contain modifications resulting from any public comments received. We have enclosed a copy of the fact sheet and legal notice. You are invited to comment on the proposed closure plan during the public comment period, which ends August 31, 1992. No final decision will be made until after review of the comments received during the comment period.

If you have any questions, please contact Ms. Stephanie Stoddard of my staff at (505)827-4308 or 827-4358.

Sincerely,

Edward L. Horst
RCRA Program Manager
Hazardous and Radioactive Materials Bureau
