RE: **CAFB LANDFILL 5 HSWA SITE ASSESSMENT**

On February 10, 1992 NMED requested the lead from EPA to oversee HSWA regulation of the Cannon Air Force Base Solid Waste Management Unit (SWMU) #113 at Landfill #5.

On March 2, 1992, EPA Region 6 granted this request with the stipulations that they review all State required "HSWA actions" and co-sign any corrective action required by the State for this SWMU.
