RE: RCRA Facility Investigation (RFI) Quarterly Progress Report  
Cannon AFB NM, NM7572124454

XIII

Dear Mr Gallagher

Cannon AFB is submitting this report for the period Jul 92 through Sep 92 in accordance with the requirements of our Resource Conservation and Recovery Act (RCRA) Part B Storage Facility operating permit. Actions taken during this quarter are listed below.

We are reviewing the EPA's comments on the draft RFI report for the initial 13 solid waste management units (SWMUs). A meeting is scheduled for 17 Sep 92 with your office to discuss this report.

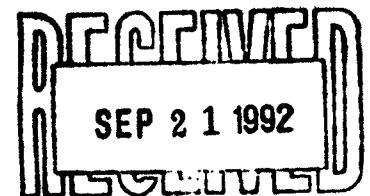

Field work on landfill 3 was completed on 24 Jul 92 and on landfill 4 on 20 Aug 92. We fully expect to meet the 01 Feb 93 date for submission of this portion of the RFI Phase I report.

The pre-draft report for landfills 1 and 2 was completed in Aug. We anticipate finalizing this report before the 01 Nov 92 requirement.

We have received funding for RFI Phase II and anticipate initiating action soon to accomplish the requirements of this phase.

We are reviewing the EPA's comments on the RFI Phase III work plan. This work plan completes the initial documentation phase for investigation and clean up of the SWMU's listed on our RCRA permit.

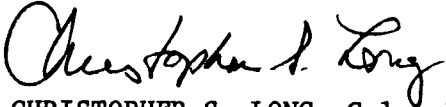

*Global Power for America*

Field work will start on SWMU 97, a RFI Phase III site, this month.

If you have any questions, please contact Mr. Jim Richards or Capt Charles Granade at (505) 784-4639.

Sincerely

CHRISTOPHER S. LONG, Colonel, USAF  
Commander, 27th Support Group
