Dear General Goddard:

The Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) issued a letter dated April 16, 1993 (attached) requesting a schedule for completion of all closure activities related to Cell 3 of Landfill 5. The letter was misaddressed to Colonel Christopher S. Long. In the future, letters of this nature will be sent directly to you.

The closure completion schedule was to be due in our office no later than fifteen days from receipt of the April 16, 1993 letter. NMED will extend the timeframe to fifteen days from receipt of this letter.

If you have any questions regarding this letter, please contact Ms. Stephanie Stoddard of my staff at (505) 827-4308.

Sincerely,
