RE: Approval of Construction Quality Assurance Plan, Landfill
#5 Cell #3

Dear General Goddard:

The Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) is in receipt of Cannon AFB's (CAFB) revised Construction Quality Assurance Plan for Cell 3 of Landfill 5 submitted in response to our Notice of Deficiency of May 3, 1993 (AR 566)

(AR 567)

This letter serves as official notification that NMED approves the revised Construction Quality Assurance (CQA) Plan and that Cannon AFB has satisfied condition number 2 of the approved closure plan. As was stated in previous correspondence, the CQA plan is part of the approved closure plan for Cell 3 of Landfill 5 and must be implemented as such.
