Re: Meeting at EPA Region VI Headquarters
Cannon Air Force Base, EPA ID NO. NM7572124454

II

Dear Colonel Smith:

On September 30, 1993, a meeting was held at Environmental Protection Agency (EPA) Region VI Headquarters in Dallas, Texas, with the United States Air Force, Cannon Air Force Base, the Corps of Engineers, and Radian Corporation, concerning the sampling and analysis at Landfills 3, 4, and 25.

The U.S. Air Force had requested that a meeting be held to discuss sampling and analysis problems found by the EPA during the review of the RCRA Facility Investigation (RFI) Reports on Landfills 3, 4, and 25. The EPA informed Cannon Air Force Base at the meeting that a revised report must be submitted within 30 days. This revised report will address the points of concern brought up at the meeting on the sampling and analysis problems at the landfills.

If you have any questions, please contact Bill Hurlbut of my staff at (214) 655-8305.

Sincerely yours,

William K. Honker, P.E.
Chief, RCRA Permits Branch
