RE: Third Quarter Progress Report for Landfill No. 5/SWMU No. 113 at Cannon AFB NM (EPA ID No NM7572124454)

Dear Ms. Hoditschek

This is the third quarter 1993 (July - September) progress report required per Section D of Module IV of the November 14, 1989 Hazardous and Solid Waste Amendments (HSWA) Permit for Cannon AFB for the RFI at Landfill No. 5/SWMU No. 113.

Significant events regarding this investigation during July-September 1993 were:

a. The NMED required review times for the RFI documents submitted were given to Cannon AFB in July. These review times were used to produce a schedule of significant events for Phase I of this RFI. This schedule, which was submitted to NMED in August, shows work on Phase I of the RFI to be conducted through May 1995.

b. The Work Plans for the Phase I RFI for Landfill No. 5/SWMU No. 113 were hand delivered to NMED on October 1, 1993.

Projected Landfill No. 5/SWMU No. 113 RFI activities for the next quarter at Cannon AFB are:

a. A meeting will be held in Santa Fe NM with NMED regarding the Work Plan for Landfill No. 5/SWMU No. 113 in early December. After this meeting and formal notification of approval of the Work Plan, the field work (geophysical survey and soil vapor analysis) will begin. It is anticipated that this field work will begin in December 1993. ←

The point of contact for this progress report is Dr Janice Stowell. Please direct any questions regarding this report to her at (505)784-4348.

Sincerely

WILLIAM M. GUTH, Colonel, USAF
Commander

cc: Mr. William Honker, EPA
Mr. David Morgan, NMED
