RE: Post-Closure Plan, Cell 3 of Landfill 5

Dear Ms. Sisneros

Thank you for your recent letter regarding a post-closure care plan for Cell 3 of Landfill 5. Cannon AFB will continue groundwater monitoring around Landfill 5 and will conduct quarterly site inspections to ensure integrity of the cap and security fence. We anticipate project completion as part of our FY 95 fiscal program. To that end, we are requesting an extension to the 90-day submission of a detailed post-closure plan you requested.

This deferment will allow us to program the post-closure plan into our FY95 budget and include all pertinent information gained from the investigation on the entire Landfill 5. It will also provide you with a comprehensive document including revisions based upon the Sep 92 Notice of Deficiency. This comprehensive document should save your staff valuable review time. A proposed schedule for this comprehensive work is attached.

We look forward to hearing from you when your schedule permits. If you have any questions, please contact Dr. Janice Stowell at (505) 784-4348.

Sincerely

  
WILLIAM M. GUTH  
Brigadier General, USAF  
Commander
