Dear Ms. Espinosa

In order to improve the timeliness of our technical submissions to your agency, I delegate signature authority to ~~the 27th Support Group Commander~~ for all reports and responses to technical issues under Cannon Air Force Base Part B Permit and other environmental programs. This is in accordance with 40 CFR 270.11(b) which authorizes the delegation of signature authority by the principal executive officer of a federal agency. I will still be responsible for permit applications and responses to notices of violation with the New Mexico Environment Department. I believe this change will better enable Cannon AFB to meet its compliance schedules.

Sincerely

Mike Guth
