Christopher S. Long, Colonel, USAF  
Commander, 27th Support Group  
100 S. DL Ingram Blvd., Suite 200  
Cannon AFB, NM 88103-5217

Dear Colonel Long:

The Hazardous and Radioactive Materials Bureau (HRMB) received Cannon Air Force Base's (CAFBs) letter dated July 18, 1994 effectively meeting the deadline of July 19, 1994 for this submittal. This July 18, 1994 letter was submitted in response to a HRMB April 18, 1994 correspondence concerning a Notice of Deficiency previously issued on the Landfill #5 DRAFT RFI Work Plan.

The deadline for CAFB to submit the final replacement pages to be inserted into the Draft RFI work plan is August 15, 1994. At which time, the Draft RFI Work Plan will be considered the Final RFI Work Plan. HRMB will then have 45 days to review and approve, approve with modifications, or deny the work plan.

CAFB is reminded that these pages should be sent to both the HRMB and Bill Hurlbut at EPA Region VI. If you have any questions, please telephone Lee Winn at (505) 827-4308.

Sincerely,

*Barbara Hoditschek*
