Dear Ms. Hoditschek

The draft response to your 26 Jan 95 letter is attached for review by your staff. As previously discussed with several members of your staff, our contractor has begun the geophysical and soil gas surveys. We expect to review the survey results in late Mar with your staff. A site visit for your new staff members can be arranged during Feb or Mar. If we do not receive comments by 24 Feb 95 on this draft response, we will produce a final revised workplan and forward two copies to your office in early Mar.

If you have any questions, please contact Mr. John Constantine at (505) 784-4348.

Sincerely

CHRISTOPHER S. LONG, Colonel, USAF
Commander, 27th Support Group
