Dear Mr. Weidler

I am pleased to extend an invitation to you and the members of your staff to the next quarterly meeting between the New Mexico Environment Department (NMED) and the Department of Defense (DoD) facilities in New Mexico. This meeting will be held at Cannon AFB, 24 Apr 95, beginning at 0900 hours at the Officers' Club.

Previously these meetings have allowed NMED and DoD representatives to discuss important environmental policies which may impact the operation of the DoD facilities in New Mexico. These discussions have led to a beneficial partnership between NMED and DoD as the DoD facilities continue to comply with the environmental regulations while minimizing the impact to their missions.

Several agenda items were addressed at the previous quarterly meeting held at Kirtland AFB regarding technical issues. Any additional agenda items should be submitted to Dr. Janice Stowell, Environmental Flight, by 7 Apr 95. Dr. Stowell may be reached at (505) 784-6022/6035 or FAX (505) 784-2208.

I look forward to seeing all of you on 24 Apr 95.

Sincerely

A handwritten signature in cursive script that reads "Thomas G. Runge".
