Dear Ms. Hoditschek

Enclosed are the draft geophysical and soil gas surveys for Landfill 5 located on Cannon Air Force Base. Please complete your staff review by 25 May 95. After your review, members of my staff and the contractor will come to Santa Fe to reach concurrence on the next step in the investigation (boreholes) prior to 5 Jun 95. This rapid review is necessary in order to keep our contractor within the NMED approved RFI schedule.

If you have any questions, please contact Mr. Sanford Hutsell or Mr. John Constantine at (505) 784-4348.

Sincerely

CHRISTOPHER S. LONG, Colonel, USAF  
Commander, 27th Support Group
