Dear Ms. Hoditschek

This letter provides a supplement to the final project report for DP-33 Drum Removal forwarded with our 24 Feb 95 letter. During review of the report, a questionable lab result was found. The attached supplement provides clarification of the lab result and a new Appendix P for the Jan 95 report. In addition to Appendix P, posting instructions and substitute pages are provided.

If you have any questions, please contact Mr. John Constantine or Mr. Sanford Hutsell at (505) 784-4348.

Sincerely

*Christopher S. Long*
