Re: Data Quality Control Summary Report Approval
SWMU 96 Old Entomology Rinse Area

Dear General Guth:

The Environmental Protection Agency (EPA) has completed a review of the final Phase II to Appendix I SWMU 96 (Old Entomology Rinse Area Boring) Quality Control Summary Report dated July 1995.

This report addresses SWMU boundary survey procedures, sample collection procedures, and reviews the quality and usability of data collected during field investigations. Accuracy, precision, and completeness results are considered to be usable and valid.

The report is hereby approved by the EPA, and completes the submission for RFI Phase II Appendix I SWMUs previously approved October 6, 1994.

If you have any questions, please contact Mr. Bob Sturdivant of my staff at (214) 665-7440.

Sincerely yours,

David Neleigh
