Cannon AFB NM 88103-5323

Mr. Benito J. Garcia, Chief
Hazardous and Radioactive Materials Bureau
New Mexico Environment Department
2044 Galisteo Street
P O Box 26110
Santa Fe NM 87502

Dear Mr. Garcia,

Attachment 1 is the soil gas survey report and proposed soil boring locations for Fire Training Area Number 4, Solid Waste Management Units 109-112, at Cannon AFB. We wish to reach consensus for the boring locations among the base, New Mexico Environment Department, and the U.S. Environmental Protection Agency before proceeding with the borings.

Please give this report your earliest attention so that we may proceed with drilling by the end of January or start of February 1997.

If you have any questions, please contact Mr. Sanford Hutsell at (505) 784-6378.

Sincerely

W. P. ARD, Colonel, USAF
Commander, 27th Support Group
