Dear Mr. Garcia

Enclosed for your information and review is the latest update of the Cannon AFB Installation Restoration Program (IRP) Management Action Plan (MAP), June 1997. The unbound portion of the attachment is the updated material for insertion into the previous MAP provided to your organization earlier. The additional bound material is the revised Rational National Standards Initiative (RNSI) information for RCRA Solid Waste Management Units (SWMUs) still being addressed by the RCRA Corrective Actions Program (RCAP).

Questions regarding these documents and the Cannon AFB restoration program may be directed towards Mr. John S. Pike or Mr. Sanford Hutsell, of my Civil Engineer Environmental Flight, at (505) 784-4348.

Sincerely
