Mrs. Anna Maestas
New Mexico Environment Department
Hazardous and Radioactive Materials Bureau
2044 Galisteo Street
Santa Fe NM 87502

Dear Mrs. Maestas

Attached is the 1997 Biennial Hazardous Waste Report for Cannon Air Force Base and Melrose Air Force Range (AFR).

Melrose AFR Open Burn/Open Detonation did not have any activity to report for 1997. Melrose AFR remains in an inactive status pending funding. Funding is required to complete construction of the unit's approved design that will meet a condition of permit number NM5572124456-1.

Questions concerning this report may be directed to Mr. Daniel Barnett at (505) 784-6022.

Sincerely

David E. Clary
DAVID E. CLARY, Colonel, USAF

IDENTIFICATION AND CERTIFICATION

Instructions: Please see the detailed instructions beginning on page 7 of the instructions and forms booklet before completing this form. In addition, the page number for the instructions specific to each section is provided below.

Sec. I Site name and location address. Instructions page 7.		
A. EPA ID No. NM7572124454	B. County Curry	
C. Site/company name CANNON AIR FORCE BASE NEW MEXICO	D. Has the site name associated with this EPA ID changed since 1995? <input type="checkbox"/> 1 Yes <input checked="" type="checkbox"/> 2 No	
E. Street name and number. If not applicable, enter industrial park, building name or other physical location description. 100 S DL Ingram Blvd Suite 100		
F. City, town, village Cannon AFB	G. State NM	H. Zip Code 88103-5214

Sec. II Mailing address of site. Instructions page 7.		
A. Is the mailing address the same as the location address? <input checked="" type="checkbox"/> 1 Yes (SKIP TO SEC III) <input type="checkbox"/> 2 No (GO TO BOX B)		
B. Number and street name of mailing address 100 S DL Ingram Blvd Suite 100		
C. City, town, village Cannon AFB	D. State NM	E. Zip Code 88103-5214

Sec. III Name, title, and telephone number of the person who should be contacted if questions arise regarding this report. Instructions page 7.		
A. Last Name Daniel A. Barnett	First Name M.I.	B. Title Chief, 27CE/CEV
		C. Telephone Number 505 784-6022 Ext. 1146

Sec. IV "I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties under Section 3008 of the Resource Conservation and Recovery Act for submitting false information, including the possibility of fine and imprisonment for knowing violations." Instructions page 8.		
A. Last Name Clary, David E	First Name M.I.	B. Title Commander
C. Signature <i>David E. Clary</i>	D. Date of signature 02 24 98 MO. DAY YR.	

Sec. V	Generator status. Instructions begin on page 8.	
A. 1997 RCRA generator status (CHECK ONE BOX BELOW)	B. Reason for not generating (CHECK ALL THAT APPLY)	
<input checked="" type="checkbox"/> 1 LQG <input type="checkbox"/> 2 SQG <input type="checkbox"/> 3 CESQG <input type="checkbox"/> 4 Non-generator (Continue to Box B)	<input type="checkbox"/> 1 Never generated <input type="checkbox"/> 2 Out of business <input type="checkbox"/> 3 Only excluded or delisted waste <input type="checkbox"/> 4 Only non-hazardous waste <input type="checkbox"/> 5 Periodic or occasional generator <input type="checkbox"/> 6 Waste minimization activity <input type="checkbox"/> 7 Other (SPECIFY COMMENTS IN BOX BELOW)	
	SKIP TO SEC. VI	

Sec. VI	On-site waste management status. Instructions page 10.	
A. Storage subject to RCRA permitting requirements <div style="text-align: center;">3</div>	B. Treatment, disposal, or recycling subject to RCRA permitting requirements <div style="text-align: center;">1</div>	

Comments:	Sec. IV A./B does not have room for the Wing Commanders full signature block as noted here. DAVID E. CLARY, Colonel, USAF Commander

Comments:

(X) **C.9 NOTIFICATIONS**

Except as may otherwise be specified herein, the Contractor shall notify the Contracting Officer's Representative (COR) at least five (5) calendar days BEFORE attempting site visits, analysis, or pick ups.

CLINs 6611AA and 6611BB: For all expedited removals under CLINs 6611AA and 6611BB, one (1) calendar day notification is required BEFORE attempting site visits or pick ups.

CLINs 6611AC and 6611AD: For all expedited removals under CLINs 6611AC and 6611AD, three (3) calendar days notification is required BEFORE attempting site visits or pick ups.

CLIN 6611AE: For all expedited performance under CLIN 6611AE, three (3) calendar days notification is required BEFORE starting performance of special service CLINs.

(X) **C.10 PERMITS**

The contractor shall, without additional expense to the Government, be responsible for obtaining any necessary licenses and permits, and for complying with any applicable international, Federal, state and local laws, codes, and regulations in connection with the performance of the work. This includes acquiring any required permits or registration necessary to operate on any installation listed in this contract and completing the Notification of Regulated Waste Activity form for the generator(s) of hazardous waste to sign and file with the applicable state regulators for waste disposal.

() **C.12 DEFINITION OF FINAL TREATMENT/DISPOSAL**

a. For purposes of this contract, final treatment/disposal means either: treatment so that such wastes no longer meet the definition of a hazardous waste as defined in 40 CFR 261 et. seq.; or treatment of a waste by a RCRA handling method specified in 40 CFR Parts 264/265, Appendix 1, Table 2, paragraph 2. Waste handling codes that describe methods of storage do not meet the definition of final treatment nor final disposal under this contract. Interim treatment of the waste such that the waste still meets the definition of a hazardous waste as defined in 40 CFR 261 et. seq. does not meet the definition of final treatment under this contract. Final disposal means disposal of a waste by a RCRA handling method specified in 40 CFR, Parts 264/265, Appendix 1, Table 2, paragraph 3. All facilities used for interim treatment, final treatment or final disposal of items on this contract shall have a minimum, an EPA/state approved interim status permit showing EPA hazardous waste numbers described in 40 CFR 261, subparts c and d, for each waste the facility is permitted to handle.

b. Mere acceptance of the hazardous waste at a properly permitted treatment, storage, or disposal facility (TSDF) does not meet the definition of final treatment nor final disposal under this contract. It is the prime Contractor's responsibility to obtain all necessary documentation to prove that the final treatment or final disposal of all items (as defined in paragraph a above) has been accomplished. This documentation shall be attached to the certificate of disposal and submitted with, or prior to, the invoices.

Gm Re
Cu

(X) C.53 RECYCLING VIA FUELS BLENDING - CLINs 9101RR, 9102RR, 9104RR, 9201RR, 9202RR, 9302RR, 9402RR, 9404RR, 9804RR, 9902RR, and 9904RR

a. The contractor is required to recycle/fuels blend/burn, as defined by 40 CFR Parts 264, 265, and 266, all CLINs listed above. The contractor will only be required to fuels blend/burn waste under the CLIN(s) listed above, if it has a BTU level of 5,000 or greater; and contains no more than fifteen (15) percent water by volume; and no more than five (5) percent halogens by volume. The contractor is required to identify at H.22 the name, address and EPA ID number, if applicable, all facilities which may receive this waste for recycling/fuels blending/burning. The contractor will be required to dispose of all resulting solid wastes in accordance with all Federal, state, and local regulations. The Government's estimates for the recycling CLINs listed above are based on the best information available. Some fuels blendable waste may also be anticipated under the appropriate disposal CLIN.

b. The contractor shall identify at H.22 or via fuel certification letter (see C.37) any facility that will receive an item removed under this CLIN, or a component thereof, at a stage where it remains a RCRA regulated waste or a DoT hazardous material.

c. Any shipments outside the United States must comply with all international agreements and all applicable foreign laws. If the Contractor will be exporting directly from the DoD activity, the Contractor is required to provide a current copy of the Acknowledgment(s) of Consent to the COR with the shipping documentation in accordance with C.15.

d. Throughout the life of the contract, the contractor must maintain a file of applicable export permits. This file shall include current notification(s) of intent and EPA Acknowledgment(s) of Consent and must be made available to the Contracting Officer upon request.

e. The contractor agrees to indemnify the DoD, and hold it harmless, for any claims, liabilities, or costs it may incur as a result of the international shipment or export of materials recycled under this contract regardless of whether such claims, liabilities, or costs occur as a result of any negligence on the part of the contractor or by operation of law. The contractor will provide an audit trail as stated in C.13.

f. If a waste designated for fuels blending/burning does not meet the above parameters for fuels blend/burn and if the waste cannot be recycled per 40 CFR Parts 264, 265, and 266, the contractor must obtain certification from the disposal facility of its rejection, as well as the rationale for the rejection. If waste is rejected, the contractor must contact the Administrative Contracting Officer (ACO) and obtain disposition instructions, as well as provide two (2) copies of the rejection certification, along with any analysis which supports the rejection to the ACO, within fourteen (14) calendar days after the occurrence.
