Subject: Guide to RPMP Document Requirements -  
Training Session

Dear Colonel Clary:

The RCRA Permits Management Program (RPMP) is holding a training session in the Auditorium of the Harold Runnels Building in Santa Fe, New Mexico on Wednesday, March 4 from 8:30 AM until 4:00 PM and Thursday, March 5 from 8:30 until 12:00 Noon. Each RCRA Permitted facility is invited to send representatives from both the operations and corrective action (HSWA) programs to attend. Primary focus of this meeting is an introduction to the Guide to RPMP Document Requirements, which covers operating permit applications, post closure care permit applications, closure plans, permit and closure plan modifications, and corrective action document organization and content quality. Two copies of the guide will be available for each Permitted New Mexico Hazardous Waste Management Facility.

Should you have any questions about this meeting or the guide please contact me, Ms. Stephanie Kruse, or Mr. Jerry Bober of my staff at the above address or by phone at (505) 827-1561.

Sincerely,

A handwritten signature in cursive script that reads "Robert S. Dinwiddie".

Robert S. ("Stu") Dinwiddie, Ph.D., Manager  
RCRA Permits Management Program
