Dear Mr. Will

The purpose of this letter is to request a 90-day extension to Cannon's Resource Conservation and Recovery Act permit renewal application due to your office by 19 April 1999. If an extension is approved, the renewal application would be due by 18 July 1999.

My staff is awaiting feedback from New Mexico Environment Department concerning the annual audit revision. Once this information is forward to the 27th Civil Engineer Environmental Flight, they will move forward with the Part A and B permit renewal data for the Cannon Air Force Base hazardous waste storage facility.

Your written concurrence or guidance concerning this request would be appreciated. If you have any questions or need additional information, please contact Mrs. Vera Wood at (505) 784-1097 or Mr. John Pike at (505) 784-1092.

Sincerely

DAVID E. CLARY, Colonel, USAF
