MEMORANDUM FOR 27 SPTG/CC  
27 MDG/CC  
27 CE/CC

FROM: CC

SUBJECT: Delegation of Signature Authority for Environmental and Bioenvironmental Correspondence (S/S 27 FW/CC Memo, 17 Sep 99)

1. In order to improve efficiency and timeliness of reports and to meet short suspenses from regulatory agencies, I delegate signature authority for routine and technical environmental matters to the 27th Civil Engineer Squadron Commander and for routine and technical bioenvironmental matters to the 27th Medical Group Commander. This letter is in accordance with 40 CFR 270.11(b) and 40 CFR 122.22(b) that authorize the delegation of authority by the principal executive officer of a federal agency.
2. Routine correspondence is defined as correspondence that does not obligate Cannon AFB or have any legal implications. Examples of routine correspondence are forwarding lab test results or submitting recurring reports that are required under various operating permits that demonstrate full compliance with permit requirements.
3. I will retain signature authority for priority correspondence addressing new permit requests, notices of violation, open enforcement actions, policy matters and transmittal reports that indicate noncompliance with permit conditions or applicable environmental laws or regulations. If there is a question as to the classification of a piece of correspondence, treat it as nonroutine and I will sign it.
4. All correspondence on environmental matters, routine and priority, will be coordinated with the Environmental Flight (27CE/CEV) and Staff Judge Advocate (27 FW/JA) prior to release. All correspondence on bioenvironmental matters, routine and priority, will be coordinated with the Bioenvironmental Flight (27 ADOS/SGGB) prior to release.
5. In accordance with 40 CFR 270.11(b) and 40 CFR 122.22(b), I have informed the secretary of the New Mexico Environmental Protection Agency and the Regional Administrator of the US Environmental Protection Agency Region VI of this delegation of authority.
