Dear RAB Member

I would like to cordially invite you to attend the next meeting of the Cannon AFB Restoration Advisory Board to be held on 26 October 2000 at the Civil Engineer Conference Room, 506 North D L Ingram Boulevard, Cannon Air Force Base from 7:00-9:00 pm. On the agenda this time is a public meeting required by Federal Regulations concerning the Class 3 Permit Modification submitted to the New Mexico Environment Department in early September to remove 61 Solid Waste Management Units from the RCRA Part B Permit. We will also update you on current restoration projects underway at Cannon AFB and present a slide show of the cleanup taking place at Landfill 25.

I look forward to your participation as Cannon AFB initiates the final closure of several Solid Waste Management Units. If you have any question regarding this or any other environmental activities at Cannon AFB, please contact Mr. Sanford D. Hutsell or Mr. John S. Pike at (505)784-6022.

Sincerely

  
JOHN T. BOWEN, Colonel, USAF
