Subject: Email from Tab

Tesnau

Matt,

I was copied on the recent email to you from Tab Tesnau and was confused by the statement that this facility (CAFB) will show up as having met the GPRA goal next month. I have neither completed nor submitted the EI forms for CAFB. My email to you on LF 5, Cell 3 addressed only its transfer from the post-closure track to the Corrective Action Program, and did not deal directly with the EIs.

I hope to get the EI for CAFB completed this summer, but we have not submitted anything yet.

Glenn
