Dear Mr. Bearzi

Per your request we are enclosing for your records two additional copies of the Corrective Measures Study (CMS) for Site SD-11 (SWMU's 86-90) Final Report dated July, 1999, and two copies of an Addendum to the CMS dated July 25, 2001. The Addendum addresses the horizontal delineation of the site necessary to determine the western extent of the contamination as previously requested by your office.

This additional information should be sufficient for your office to determine this CMS to be administratively complete and what further action, if any, will need to be taken. If you have any questions, please contact Mr. Peter P. Zamie at (505) 784-4639.

Sincerely

ROBERT S. PYEATT, GS-13
