DEPARTMENT OF THE AIR FORCE
27TH CIVIL ENGINEER SQUADRON (ACC)
CANNON AIR FORCE BASE NEW MEXICO

10 MAR 2003

Mr. Robert S. Pyeatt
Deputy Base Civil Engineer
506 N DL Ingram Blvd
Cannon AFB NM 88103-5003

Mr. James Bearzi
Hazardous Waste Bureau Chief
New Mexico Environment Department
2905 Rodeo Park Drive East, Bldg 1
Santa Fe NM 87505

Dear Mr. Bearzi

Per your request we are enclosing for your review and records three copies of the Final Resource Recovery and Conservation Act (RCRA) Facility Investigation Report Addendum for Melrose Bombing Range dated Feb 03. The Addendum addresses comments received from your office in Mar 99 regarding the Phase I RCRA Facility Investigation (RFI) dated Nov 96. The Addendum describes the results of supplemental field programs conducted in May 00 and Jun 02 and a facility-wide screening-level ecological risk assessment for Solid Waste Management Units 114, 115 and 117; and potential Areas of Concern 1, 2, 3 and 4.

This additional information should be sufficient for your office to complete the RFI review and inform us of what further action, if any, will need to be taken. If you have any questions, please contact Mr. Peter P. Zamie at (505) 784-1092.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or person who managed the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Sincerely

ROBERT S. PYEATT, GS-13

Dear Mr. Bearzi

Per your request we are enclosing for your records two additional copies of the Corrective Measures Study (CMS) for Site SD-11 (SWMU's 86-90) Final Report dated Jul 99, and two copies of an Addendum to the CMS dated Jul 01. The Addendum addresses the horizontal delineation of the site necessary to determine the western extent of the contamination as previously requested by your office.

This additional information should be sufficient for your office to determine this CMS to be administratively complete and what further action, if any, will need to be taken. If you have any questions, please contact Mr. Peter P. Zamie at (505) 784-1092.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Dear Mr. Bearzi

Foster Wheeler Environmental Corporation has sent under separate cover three copies of the Final Work Plan for the Closure of Solid Waste Management Unit (SWMU) 101 dated Feb 03 for your review and records. Two copies were sent to Mr. Glenn von Gonten in your Santa Fe office and one was sent to Mr. Rob Warder in Albuquerque. The Work Plan describes the activities required of the contractor, Foster Wheeler Environmental Corporation, and its subcontractors to close the aforementioned SWMU.

This Work Plan was prepared in accordance with the findings of the corrective measures study for the closure of the sewage lagoons. If you have any questions, please contact Mr. Peter P. Zamie at (505) 784-1092.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or person who managed the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete.
