Re: Draft RCRA Permit - Cannon Air Force Base, New Mexico
EPA ID NM 7572124454

Dear Mr.Kieling:

The Environmental Protection Agency (EPA) has completed a review of the above referenced document. The following general comments were generated from this review.

Cover letters dated August 8, 2003, to Colonel Robert Yates at Cannon Air Force Base, and Laurie King at EPA have the wrong EPA ID Number (NMD000804294). EPA ID Number NM7572124454 shown on Public Notice 03-10, and the Fact Sheet both dated August 10, 2003 is correct.

Permit Attachment 1 Table 2 List of SWMUs and AOCs not currently requiring Corrective Action. Page 1-9 Comments Section. Several SWMUs are noted as 3. Page 1-11 an asterisk follows each AOC designation. No footnote references these symbols.

Attachment 7.1.3 Ground Water Perchlorate Cleanup Levels, and 7.3.3 Soil Perchlorate Cleanup Levels. The EPA is pleased that NMED has developed basic guidelines to address perchlorate issues. If a perchlorate investigation / remediation event develops, you may contact our Federal Facilities Section for technical assistance and guidance based on current cleanup projects.
