MEMORANDUM FOR DISTRIBUTION LIST

14 Oct 03

FROM: 27 CES/CEV
506 N DL Ingram Blvd
Cannon AFB NM 88103-5003

SUBJECT: Restoration Advisory Board Quarterly Meeting

1. The quarterly meeting of the Restoration Advisory Board (RAB) was called to order on 18 Sep at 1900 in the meeting room of the Portales Memorial Building Chamber of Commerce. Lt. Col. Dave Harshman sat in for RAB Co-Chair Colonel Lisa Firmin, who was unable to attend. Lt Col Harshman and Co-Chair Mr. Chris Harrell welcomed all members. Each of the attendees introduced themselves and stated how they learned of the meeting. Members approved the minutes of the previous RAB. Attendance is reflected in attachment 2.

2. Installation Restoration Program Update. Mr. Pete Zamie updated the attendees on the following projects.

a. Sewage Lagoons. The Sewage Lagoon project is under construction with Foster Wheeler and the Corps of Engineers. Foster Wheeler's subcontractor is Arrowhead Construction of Overland Park, KS. Construction cost is \$1,167,101. Construction was started in March and is now estimated to be completed in October, 2003. The Contractor has experienced problems with paperwork from the geotechnical testing laboratory and this should be resolved soon. Mr. Zamie explained the actions the contractor was taking to cap the lagoon.

b. No Further Action (NFA) Sites. Cannon is awaiting NMED's preliminary review of 66 NFA sites submitted in Oct 00. Environmental Flight representatives met with NMED on 26 Aug to discuss the review process. NMED stated that approximately 33 sites are ready for immediate NFA approval. The balance of the sites will need further documentation and will be resubmitted at later date. Mr. Zamie explained NMED's position that because Cannon submitted such a large quantity of sites, NFA approvals have been delayed. Cannon will re-submit NFA sites in smaller packages per NMED's request.

c. Hazardous Waste Permit Application. Renewal of Cannon's 1989 Resource Conservation and Recovery Act (RCRA) permit is in progress. The permit is in two different parts: the hazardous waste container storage facility which is being closed, and the corrective action portion that deals with Solid Waste Management Units. The draft permit was issued by NMED on 10 Aug 03 and the public comment period ends 24 September.

3. Mr. Glenn von Gonten, Project Leader in the Hazardous Waste Bureau of NMED, gave the background of the process to close Cannon's storage facility, and renew the permit.

4. The next RAB meeting was tentatively scheduled for Feb 04 in Clovis. The particular time will be determined later so it will have minimal conflict with other community activities.

5. The RAB adjourned at 8:30 pm and members enjoyed refreshments and snacks provided by Ms. Millie Boyle and Mr. Chris Harrell.

JO A. O'CONNELL, GS-05
Recorder
