**Subject:** Perchlorate Sampling @ Cannon AFB and Melrose Range  
**Importance:** High

Good morning Ms. Salazar.

The reason I am writing is to get clarification from NMED Hazardous Waste Bureau concerning the 1999 letter from Ms. Brinkerhoff requesting Cannon AFB to perform "limited" sampling for perchlorate. Since 1999, Bioenvironmental Engineering personnel have been conducting annual sampling for perchlorate without much reason/guidance as to how long to continue the sampling. I have spoken on numerous times to Ms Lisa Brown, Clovis NMED, for clarification and she has stated that because the request came through the Hazardous Waste Bureau the final answer must also come through your office.

I called to your office and left a voice mail on Tuesday, March 23, 2004. I am being asked by my boss's why we are continuing to sampling since there are no federal requirements to sample. I am requesting a written letter, or email, from your office with guidance on this matter.

Thank you for your time and assistance.
