

DEPARTMENT OF THE AIR FORCE  
27TH SPECIAL OPERATIONS CIVIL ENGINEER SQUADRON (AFSOC)  
CANNON AIR FORCE BASE NEW MEXICO

Mr. Michael A. Poston  
Deputy Base Civil Engineer  
506 N DL Ingram Blvd.  
Cannon AFB NM 88103-5003

Mr. James Bearzi  
Chief Hazardous Waste Bureau  
New Mexico Environment Department  
2905 Rodeo Park Drive East Building 1  
Santa Fe NM 87505-5003

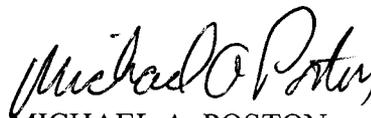

Dear Mr. Bearzi:

Cannon Air Force Base hereby proposes that the New Mexico Environment Department grant No Further Action status to SWMU 101 – Sewage Lagoons at Cannon AFB, New Mexico. Cannon AFB formally requests a Class III modification to our Hazardous Waste Facility Permit No. NM7572124454. Cannon respectfully requests that the site be moved from Table 1 (List of SWMUs and AOCs Currently Requiring Corrective Action) to Table 2 (List of SWMUs and AOCs Not Currently Requiring Corrective Action Without Controls) or Table 3 (List of SWMUs and AOCs Not Currently Requiring Corrective Action, With Controls) of Cannon AFB's permit.

Because the footprint of SWMU 101 was selected for redevelopment into raw and treated wastewater storage basins, your agency's expeditious and favorable consideration would be greatly appreciated.

If you have any questions regarding this information, please contact Mr. Jerry Pelfrey, Natural Resources Management, at (575) 784-6391 or email: [gerald.pelfrey@cannon.af.mil](mailto:gerald.pelfrey@cannon.af.mil).

Sincerely

  
MICHAEL A. POSTON
