Dear Col. Piech:

The New Mexico Environment Department (NMED) has received Cannon Air Force Base's (the Permittee) request for a time extension for the submittal of the *Monitoring Well Installation Report at Landfill No. 25 (LF-25/Solid Waste Management Unit [SWMU] 97)* (Report) dated May 29, 2012 and reviewed on June 8, 2012. The stated reason for the request is that the additional work required by NMED for sampling and analysis of the newly installed well will require a contract modification and that additional time is needed to complete the modification. NMED hereby approves the requested 120-day extension of the submittal date. The Permittee must submit the Report no later than October 15, 2012.
