Dear Mr. John Kieling

Cannon AFB requests withdrawal of the *2012 Work Plan Addendum, Facility-Wide Long-Term Monitoring, Maintenance, and Inspections at Multiple Sites, Cannon AFB, New Mexico*. As discussed in a telephone conversation between Cannon AFB's Restoration Program Manager and Ms. Lane Andress, the work plan is not necessary as the Approved *2010 Biennial Groundwater Monitoring and Annual Landfill Inspection Report for LF-3, LF-4, LF-25, and SWMU 101 Cannon AFB, New Mexico*, address the same issues. If you have any questions regarding this request, please contact Mr. Ronald Lancaster, Chief, Asset Management Flight, at (575) 784-1146 or Mr. Matthew Higginbotham, Restoration Program Manager, at (575) 784-6031.

Sincerely

DAVID C. PIECH, Colonel, USAF
