Dear Mr. Kieling

Cannon AFB would like to notify NMED of a delay for the Solid Waste Management Unit (SWMU) 109 Remedial Action Construction (RAC) Report. The Air Force Civil Engineering Center (AFCEC) awarded a contract to RMA Insight Inc. to perform the SWMU 109 RAC. Following work plan approval with modifications, RMA Insight Inc. could not perform additional work requested by NMED within the contract budget. As a result, AFCEC terminated the contract with RMA Insight Inc. SWMU 109 RAC will now be included in the New Mexico Performance Based Remediation (PBR) contract, expected to begin September 2013. Cannon AFB expects delivery of the SWMU 109 RAC Report April 2014.

If you have any questions regarding this notification, please contact Mr. Matthew Higginbotham, Environmental Restoration Program Manager at (575) 784-6374.

Sincerely

DAVID C. PIECH, Colonel, USAF
Commander
